30 June 2023

Dear Christopher

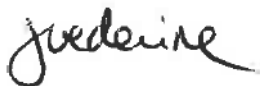

I am pleased to tell you that at its meeting on 28 June 2023, the Board of Studies (Doctoral), under powers delegated by the University Senate, approved the award to you of Doctor of Philosophy in Computer Science.

On behalf of the University, I would like to congratulate you on this achievement.

The University's Award Ceremonies usually take place every year in December and July and provide a great opportunity to celebrate your achievement with other Bath graduates. Further information is available at <http://www.bath.ac.uk/topics/award-ceremonies/>. You may already have been invited to attend a future ceremony, but if not, the Student Records and Examinations Office will be in contact with you in due course. Communications about Award Ceremonies will be sent either via your University or personal email account, so please ensure that you look at your Bath email account regularly or ensure that you have updated your SAMIS record with a current personal email address.

Your student number is 179413087/1. Please quote this in any correspondence.

Yours sincerely,

Professor Joe Devine
Associate Pro Vice-Chancellor Research (Doctoral)
Doctoral College
